

CROP NUTRIENT EQUIPMENT RIVER AND SEA PORTS

SYSTEMS UP TO 1200 TPH

From a barge or ship, InterSystems enclosed belt conveyors supported by GSI's QuickBolt Towers and Catwalks are the proven and dependable solution, easily and safely moving product at speeds of up to 1200 TPH.

- ▶ Ease of maintenance via wrap-around or switchback stairs
- ▶ Standard OSHA-compliant guarding and clearances
- ▶ Speed and ease of operation afford the flexibility to condition product and then direct transfer to rail or truck, or to temporary on-site storage
- ▶ Load out bulk weigh options for quick and accurate loading
- ▶ In-house engineering team for custom solutions
